### 1 The backstory

Heather Elizabeth Bane or what some people call her "The Ninja" is a girl blued light skined and brown hair girl (brownie colored hair and has hair always in a high ponie tail) She normally wears a teal shirt that says "Keep Calm and Adore Cats" with with black skinney jeans, brown high heel boots, leather jacket and a aqua and red infused gem stone necklace (fav colors are teal, auqa, and red)

It was May 28, ?/?/?? when it all happened. Heather Elizabeth Bane once had a mom, dad and a little sister in the small village of Meteli where they lived. When O'khasis invaded and were looking for people who bore magics. Her father died protecting her mother from an O'khasis guard. Heather and her sister lilith ran into the woods. Soon after Heather looked back to see their mother crouching at their dead father's side crying. Heather was just about to yell for her to run to them then she remembered what she had said in advance of this happening. "No matter what happends today you take care of your little sister. Either of us die today remember we live in your heart and we will always be there for you." And soon after that an O'khasis guard killed her then and there. Heather turned arround and ran carring her sister bridal style. She saw that her sister looked back and started cryng and heather did too. Two O'khasis gaurds were hot on their tails when they made a sharp turn and with the wave of her hand the O'khasis guards were frozen and Heather was in shock. Lilith said "D-Did y-you know that you had this?" Heather still in shock finally answered saying "No" to her sister. Heather sat her sister down gentally on a log and told her 4 year old sister "everything going to alrig..." "NO IT WOUN'T it wouldn't be ok mom and dad are dead and we didn't do anything about i..." Heather cut her sister

off with a hugg that she needed. She hugged her sister tight and her sister did the same.

Heather and tried to stay away from lilith. Heather said "are you ok? Have you never seen a little girl before?" one of them said " A) we have seen a little girl before and B) you are the blue essence" the person who spoke sounded like a girl Heather thought. She was confused by what the girl said. Then spoke replying "WHAT?!" "Didn't your Parents tell you?" "No my I mean our parents died. Death by O'khasis guard" "OH we are sorry for your losses. Trully we are" "Now explain the whole essence thing" "Oh yes there are 10 people including us 6 with an essence you are one of them" One of the people in the group spoke and said " I am David and I am the Neon green essence. The neon green essence can teleport, but not themselves" The leader of the group said " I am Irene and I am the white essence the white essence can revive people. My step-brother Zane is the Black essence the essence of death."

## 2 The after math

Heather just picked up her sister and ran back into the woods before doing so the group gave her a bright red stone. It was a tracking stone that when she got lost the others with the essence could find her. She ran untill she couldn't see the group. They went the long way around and made their way to the jail cells with the gaurds they threw them into the cells. After they fled far away Heather did the motion with her hand and unfroze everyone. Heather and lilith started laughing and then heather said "Why are you laughing?" "Ithink that we just saw the same thing." "That the gaurds that were following us ran hit the wall in the cell and passed out." They both said at the same time.

Heather goes to get fire wood when she came back she had wood falling out of her red backpack. Even some in her hands, she emptied her backpack and all of the wood fell out. As all the wood fell out there was a note and it said

Dear, Holly

Hello Holly I know you are probably wondering why there is a letter in your backpack. Well I wonder what you look like it has been, like 17 years now since we last saw you. I wish that we could have seen you grow up, but we were too dangerous to be around. We had to send you both to live with Adam's brother Ben and his wife Elizabeth. We had to convince you two that

they were your parents. You cried like there was no tomorrow. Your sister Amber just accepted it and she was a year older than you. You were supposed to turn 20 on July 1st. If you don't remember her you two were supposed to be twins. Different birth dates. Same year. Same day different year.

You know I wouldn't ever forget Lilith we had you we had to get you to Ben and Elizabeth. By the time we got there Amber had ran off. She was only four; they told us that they had to change your names for safety reasons. That's why Amber is red and this letter is made out to Holly or Heather. The gemstone necklace is not just an ordinary necklace it is a communication amulet. We have one as well. When you see the color flash 5 times I am trying to contact you. When you read this tap the mullet 3 times and wait for me to answer.

Sorry that I have to cut his letter short we are imprisoned by O'khasis. Before you try to rescue us or do anything like that you must go to Phoenix Drop then to Fire Phoenix.

Love you Sincerely, Mom and Dad

### 3 Heading to Phoenix Drop

After reading the note Heather said "my name was Holly? I have an older sister?" Her little sister said "So mom and dad aren't dead?!" "No they aren't dead Lilith" she replied to her sister. "I think we have to do what the note says" said Heather then all of a sudden the necklace pulsed color 5 times "like it said in the note" she murmured to herself Heather taps the necklace 3 times and a voice comes through saying "Oh my Irene you 3 are safe!!!" said the voice from the amulet
